### MOYER OUT OF DANGER

President Charles H. Moyer of the Western Federation of Miners, today was believed to be out of danger, but Dr. William M. Harsha, attending surgeon at St. Luke's Hospital, declared that the bullet that furrowed the labor leader's back, may have caused partial paralysis.

Moyer passed a fairly comfortable night. Surgeons expected to remove the bullet today, having located it by means of an X-ray examination in the muscles of the left side of the back.

"My lawyer friend prefers cats to dogs as pets." "It is natural for lawyers to prefer anything in the fee-line species."

### WEATHER FORECAST

Mostly cloudy today; tomorrow fair; slightly higher temperature today; moderate southwesterly winds today, becoming westerly tomorrow.
